## Student Union Becomes Casino

High spokesmen of the Federal Communications Commission announced this week that the radio department of Southern has been assigned a 200,000 watt ultra-clear channel, high frequency radio station. The station will be under the control of Bill Strangler who also will serve as chief stock report announcer and cook during early morning hours. Van Buren C. Robbins will be placed as top disc jockey with Relf Hickey serving as assistant engineer under Ross Zano.

The station will be on the air 23 hours a day for the purpose of giving the immediate area all the time they want to view television. The new building which will occupy 14 acres of ground will be equipped with its own miniature railroad for hauling the latest news to the waste basket.

The new reporter will not be able to say "A news bulletin has just been handed to me from New York City." The employees are now taking the necessary steps in the head to equip them with arms that have been reaching the news that is on the other side of the world.

The Federal Communications Commission also stated that a new type of music discs will be put into operation at the new plant. They will last for only one second for do have time to listen to records.

The one hour that the employees have off will enable them to do what they want with the \$1,000,000 salaries that they will draw. They will need no sleep because they have been given food that will put them in the ranks of Mandrake's living-dead.

A new type transmitter will be used in the spacious building and will be the latest FBWROM 49 37206748593 type. It is equipped with a Dyna-Glide, Florida Flow, Ordilly and a Phillis Chevrolet 3400 horse power "squirrel-screw-treadmill" engine. The power plant was built by General Plunkie which is a subsidiary of the five-star general — Electric.

One of the finest programs that will be transmitted over the air will be the first known recording of a submarine flying 5,000 feet. This has been accomplished through the science, skill, and knowledge of the operators.

It should prove to be a great help to Southern's students who seem to always get the wrong music on the radio when trying to study. Nothing but slow music will be broadcast with featured soft-music band leaders being: Ralph Flannigan, Stan Kenton, and several Dixie Land ensembles.

Proposals by President Morse that the proceeds be used to moderate the highway between Cartersville and Colp, Ill., and to erect a railroad across one mile south of Colp.

Classes will be held in the existing air conditioned barracks on the north side of the campus.

Mr. and Mrs. GLOB GRIM  
**Grim Couple Buy Paper To Stick With Tradition In Three-Page Weekly**

Mr. and Mrs. Glob Grimm editor and publisher announced today that they had purchased the Salamander county Republican-Demagogue, historic weekly.

This is supposed to be the only three page weekly still in existence in this part of Illinois, according to Mr. Grimm. "We will exploit its unusual features to the utmost, to build its circulation and keep its advertising rates high," he said.

When asked if a three pager does not present any special folding problems, Mr. Grimm retorted "Certainly not!"

"You see," he continued with an understanding twinkle in his eyes, "the paper is quite like any other, except that it has only three pages instead of four."

In answer to the question of whether the paper ever prints four pages on special occasions, Mr. Grimm answered, "Certainly not!"

"That would be destroying tradition. We will exploit the tradition of this newspaper to the utmost. Besides, we don't expect to have that much news each week in Salamander county. We don't aim to give any space to the feuds down there, and aside from that, there isn't much going on in Salamander county."

"No politics," said Mr. Grimm in reply to the question of what stand we would take on federal aid to bootleggers.

"Will his paper print only colored news?"

"Certainly not!" explained Mr. Grimm. "We will print bad news along with the good. If the citizens of Salamander county decide to put in running water or plumbing, that's their business, but we'll print the full story."

"Knock-knock," said Mrs. Grimm, who is the editor of this affable editor-publisher team.

"Mrs. Grimm likes her little jokes," volunteered Mr. Grimm.

"Well, don't you, Glob?" asked Mrs. Grimm.

"Certainly not!" concluded Mr. Grimm.

# Mad Architect Steals University School Tower

One of the most subversive activities ever to be plotted against the University expansion program — the disappearance of the tower from the University school roof — was reported today by the office of a resident.

The tower was first missed yesterday at 5 p. m. when a janitor made his nightly clock-winding tour around the building. Said a spokesman for the office of the resident and the Office of Student Affairs, I. Stark Ray: "Oh, dear."

After some deliberation, it was decided by President D. W. Morse that the probability of this slight since there is still some controversy over the color of the cuckoo. For the convenience of student clock-

watchers, a sun dial has been erected on the central lawn to enable them to get to school at the customary time, 10 minutes after the hour.

At press time today the real story behind the disappearance of the tower came out, proclaiming Pop, the Campus Cop, hero of the day and naming a prominent architect, T. P. Bidler, as the dirty culprit.

"Here is the story as told by Pop: 'I wasn't doing nothing, just meandering around and I saw this dumb guy walking around humm-shouldered, and then I saw the reason why he was walking around humm-shouldered, he was carrying the tower of the University School. I didn't think he was too much about that, after all, he helped build the thing.'

"I didn't have nothing better to do, so I followed him as far as the hardware before I saw down to see. He just went on. He shifted the tower to his other shoulder and began to climb up the hill to come over the ridge. When he left the thing there and started back toward campus, I figured there was something rotten in Denmark."

"So I grabbed his arm and said, 'Listen, Bud. He didn't say nothing. So I repeated, 'Listen here, bud.'"

"Then he broke down and started crying like a kid. 'I couldn't stand it! I JUST COULDN'T STAND IT!'"

"He was still bawling that when a group of shady individuals have been able to put \$1,600,000.00 of Bidler's being held in custody by city police pending payment of the ransom, six months."

Although many of the details were withheld, it was said that the consent to refuse his statement to the effect that the tower should be printed the "leadline" it is being never have been added to the builded that they gained access to the roof and spoiled the architect's process with the help of one Ronald who outlined the plans for the Rubb, although there is no good people.

(Editor's note: It is essential to state here that Bidler's opinion agent Kaddid-hopper said, "I believe some of the prisoners will crack under the strain of questioning and implicate Rubb as their accomplice.")

When asked for a statement for the press, the accused said, "My only regret is that I have not one Rubb for a statement but so far as life to give for my profession."

The next issue of this column will be published at the scheduled date and further information on the new plan will be released.

members after they are disorganized to prevent any lead of vital information they have uncovered) communications have not been up to expectations.

(Editors note: For those readers who have not been reading these news reports constantly... WHY NOT?!!)

There has been some encouragement to future planning by the officials of FWWMA who are headed of course by Prime Leader Mer-Kmetz, T. Lindebrans. This is encouragement has come from captured robots who would rather run than live under FWWMA mechanisms. The robots admit that the long, loud hourly blasts on FWWMA has aroused the opinion in their countries that FWWMA people are completely un-sound of mind. This, of course, is far fetched.

At present time there were reports that a lower committee member had introduced the diabolical idea that FWWMA completely destroyed the idea of course would frustrate future attempts by foreign powers to overrun FWWMA. The popular belief is that this measure will be accepted by an overwhelming vote.

The next issue of this column will be published at the scheduled date and further information on the new plan will be released.

After some deliberation, it was decided by President D. W. Morse that the probability of this slight since there is still some controversy over the color of the cuckoo. For the convenience of student clock-

# You and You and You

(Editor's note: Under this heading, we give you all the data the institution would rather you wouldn't know. This information is of a reliable source furnished by the Association of Student Secretary Espionage Experts.)

1. All students expecting to graduate in June will not be allowed to use the library for a definite period of one hour. These students will be informed after their graduation announcements.

2. The course in basket weaving is to be dropped. Only 161 students have enrolled in this course, and this is an insufficient number. All baskets already made will go to the library.

3. Students expecting to graduate in June will be informed of the addition of a required course in Advanced Bird-Watching 400. The course will be offered Fall '53.

4. Students are not considered completely required for this semester until they have filled out a purple card stating they have filled out cards. Registration Center will re-open Wednesday 6 a. m.

# Counterfeiters Marked By Feds

By Jonathan Swoony  
The U. S. Treasury Department has just released news to the effect that a huge counterfeiting ring has been uncovered here at Southern.

Using the University as a front, a group of shady individuals have been able to put \$1,600,000.00 of Bidler's being held in custody by city police pending payment of the ransom, six months."

Although many of the details were withheld, it was said that the consent to refuse his statement to the effect that the tower should be printed the "leadline" it is being never have been added to the builded that they gained access to the roof and spoiled the architect's process with the help of one Ronald who outlined the plans for the Rubb, although there is no good people.

(Editor's note: It is essential to state here that Bidler's opinion agent Kaddid-hopper said, "I believe some of the prisoners will crack under the strain of questioning and implicate Rubb as their accomplice.")

When asked for a statement for the press, the accused said, "My only regret is that I have not one Rubb for a statement but so far as life to give for my profession."

The next issue of this column will be published at the scheduled date and further information on the new plan will be released.

# Students May Borrow Autos From Library

A new feature has been added to SIU's extensive library service. For the first time in this university's history, automobiles may now be checked out of the library.

These automobiles may be checked out the same way as books are now. Any student or faculty member possessing a library card is entitled to this service. All the person has to do is present his card to the librarian, who in turn will give him a slip which he takes to the local downtown dealer. The dealer will lend the student the car of his choice to drive for a period of two weeks.

The student may choose any car he desires and drive it wherever he wishes. Gasoline will be provided by the university. Many makes of cars and practically every color are available on presentation of a library card.

For the more unfortunate girls who do not know how to drive, chauffeurs may be checked out with the cars. Several SIU gentlemen have donated their services to this very worthwhile cause. Girls may take their choice among the following men: Austin Angeli, Buick Barnes, Cadillac Cox, Ford Fear, Hudson Husler, Chrysler Kahnmann, Chrysler Katch, Mercury Morris, Paul, the P, Pontiac Pous, Buick-Power Bippelmeyer, Schudaler Soudi, Chevrolet Schmuckach, Willys Wild, Packard Pous, Essex Exampoli, Fordier Theriot, Kaiser Koush, Nash Nast, and last, but certainly, not last, Hummel Houghshead.

These chauffeurs are required to take the car wherever the student goes. The cars and drivers must report back to the library within a period of two weeks or the person checking the car out will have to put a small fine. Cars may be renewed for another period of two weeks, or the person may check another car out for the same amount of time. The chauffeur may be renewed also, or he may be exchanged for another one.

Students checking these cars out and the chauffeurs will be automatically dismissed from all classes to take advantage of this service. It is hoped that these trips will be of an educational nature, but, of course, it will be up to the student as to what.

**NEWMAN CLUB TO HOLD CONVENTION IN ST. LOUIS**

Plans have been completed for the Newman Club Province convention in St. Louis on April 24-26 at the Sheraton Hotel.

The theme for the convention is "The Educated Apostle," and the slogan is "Knowledge—Love—Action."

The main banquet will be held Saturday night with Dr. Thomas Brady of Missouri university as the keynote speaker. After the banquet a dance will be held with Paul Hallinan, national Newman Club Chaplain, as master of ceremonies.

Rev. Maurice Sherrard, National Episcopal Moderator, will address the group Sunday morning at St. Louis Cathedral.

Anyone interested in attending the convention should call Pat Neuge at the Pi Kappa house.

**An Explanation**

We have reserved the fourth page of this April Fool's edition of the Egyptian, traditionally known as the NATTYFACE, for serious business only. We have placed all our legitimate advertising on this page, and all news stories which appear here are the real thing.

We hope that the issue does not come as too much of a surprise to anyone. We sincerely hope that none of our foolery is taken seriously by anyone, either. We have not intended to poke fun at any individual, nor to hurt anyone's feelings.

Things will return to normal in the Egyptian office next Tuesday, April 7, when the next issue comes out.

**Open House Held At Foundation**

The newly-built music suite of the Baptist Foundation was the scene of an open house observance last night, with an Easter program beginning at 7:30 in the Chapel.

The Easter program consisted of organ selections by Miss Irma Gowen, solos by Jo Jeannine Hunter and Miss Carol Smith, and the presentation of an Easter cantata, "The Story of the Cross," by the Chapel Singers.

Refreshments were served after the program.

The Easter cantata was by Dudley Buck. Prof. E. F. Quinn directed the Chapel Singers, with Irma Gowen at the piano and Gary Mathews at the organ. Soloists for the work were the following students: Luella Angel, soprano; Wanda Drew, alto; Otto Brown, tenor; and Bill Richardson, bass.

The new equipment for the music department includes three new pianos. The suite consists of a piano studio, and office for Mrs. George L. Johnson, who teaches piano and organ students; and an office and voice studio and classroom for Prof. Quinn.

**J. Paul Shedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test**

Here's a sad and comical tale: poor Paul was in a sweat about his hair and his face when he was told: "I see you got a bum because your girl left you. Now, lemme look at the bre's face. To get in on the honey haggis, smart bunnies foot it down to say toilet goods counter for Wildroot Cream-Oil. America's biggest-selling face tonic. So fast thing tomorrow, lever 299 in a bottle or handy tube. Contains soothing Lascos. Non-alcoholic. Grooms the face. Relieves annoying dandruff. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test." Shedy tried Wildroot Cream-Oil and now he's a jump ahead of every Tom, Dick and Harry. So what're you waiting for? Get Wildroot Cream-Oil today, and ask for Wildroot at your barber's. You're bound to like it!

**OTOMETRY IN THREE YEARS, IF YOU HAVE SIXTY L. A. CREDITS**

In three college years, you can prepare for the attractive profession of optometry, if you have a minimum of sixty required Liberal Arts credits.

There is a shortage of optometrists in many States. Eighty per cent of the Nation's millions depend upon the Doctor of Optometry and his professional skill in conserving vision.

The U. S. Department of Defense and selective Service grant optometry students the same consideration accorded medical students.

Chicago College of Optometry, nationally accredited, located in the heart of the world's greatest center for teaching in the healing arts. It is famous for its eye clinic. A building program is in progress. Dormitory accommodations, apartments and other facilities are available on a large campus.

For catalog and other literature, address Registrar, Chicago College of Optometry, 1846-L Larrabee St., Chicago 14, Ill.

and **LUCKIES TASTE BETTER!**  
Cleaner, Fresher, Smoother!

Ask yourself this question: **Why do I smoke?**  
You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

**Be Happy—GO LUCKY!**

**COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!**

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies gained taste. Survey also shows Luckies gained the most smokers in these colleges than the nation's two other principal brands combined.
